

We provide free of charge, bespoke sessions for all providers of care and support services around the Island including personal assistants in the community

WHAT WE OFFER to help deliver excellent care

- sessions at times that suit you and your staff including evenings and weekends
- 1 day and 2 day sessions plus shorter sessions for non-frontline staff
- sessions that can be delivered in half day modules to suit your schedule

what does the course include?

what is dementia and how is it diagnosed | memory and attention | behavioural stages of dementia | the ageing senses | feeling & emotions and how they affect behaviour | communication | course summary

This course has been funded by Isle of Wight Council with the aim of promoting good dementia care through information and supportive educational and teaching materials

The theme of The Dementia Awareness Partnership is EDUCATE – ENGAGE – ENABLE

Our aim is to ensure that when supporting a person with dementia in our community, in their own home, in hospital or in a care home, that we will speak the same language, employ appropriate skills and be confident that our caring is empathetic and effective
